

Fuel Prices on the Rise Again- Save On your Fuel Costs 10%-20% - ECOFuelMax

Here we go again! Buying oil from overseas is expensive. Save on Fuel, whether the price is high or low. Increase Sustainability; Reduce Carbon Pollution and Greenhouse Gases.

LAKELAND, Fla. - Feb. 6, 2024 - [PRLog](#) -- The ECO Fuel System is a patented, proven and guaranteed solution. The ECO is successfully installed on thousands of Motors, both Diesel and Gasoline around the World.

It operates on the principle of Electrostatic Energy. By increasing the Vapor Pressure in fuel it burns more combustible and cleaner. Results; a reduction in Fuel Consumption (+/-10%) and Greenhouse Gases (+/-70%), No Chemicals or Maintenance, it can last 20+ years.

The ECO Fuel System is Made in America by Americans. The Company holds a BBB A+ Rating 10+ years and has multiple awards for reducing Carbon Pollution. Recent Independent Tests on Long Haul Trucks with Cummins X15/2022 with 550 HP motor increased mileage from 3.7 to 5.7 MPG. REGEN Cycles went from 2 per week due to high idle time to 1 per month. On a Ford F150 gasoline Truck, mileage went from 13 to 18.2 MPG. Many reports state the same, do your own test.

Due to its 99% success rate all ECO Fuel Systems have a 90 day money back guarantee. The Best Test is the one done by you on your own vehicle(s). Try it for up to 90 days, if you are unhappy for any reason, return it undamaged for a refund. We feel for hundreds of dollars, not thousands every vehicle should have an ECO Fuel System. Reduce Pollution and increase your MPG. Save MONEY Today!
